By LATOYA

I'm not good with introductions but here it goes. I'm Tonya, a 28-year-old independent woman out here doing me. I was born in Maryland, raised in Brooklyn, New York but now I'm currently living in Detroit, Michigan. Like any independent woman I work two jobs. During the day I'm a Medical Assistance for DMC Urgent Care. At night I work as a waitress at the hottest strip club in the city called Tap Out. Plus, the love of my life Kim has been living with me for the last three years. I must say, I love a woman with a big ass. And I also love her big heart because she's not afraid to let people in.

It was Monday night just before dinner when Kim told me how much she loved me. I just knew how much she needed me. We had a nice dinner: steak, potatoes, cornbread and cabbage, and always our famous glass of red wine. As the night went on, we headed up to the bedroom where the candles were lit and rose petals laid across the bed. She took my hand and led me to the bed. Then she grabbed a handful of roses and sprinkled them over my body. As I lay in the bed, she climbed on top and kissed me passionately on my cherry balm lips. As her lips reached my neck she stopped to move her tongue across my collarbone. I felt like I was on a higher level of ecstasy. Kim makes me feel like no other woman has ever felt. We are deeply connected to each other. Her tongue touched my inner thighs like ice cubes melting on a hot Sunday afternoon. My body was chilled when her tongue caressed between my thighs. Our love filled the

room like a moth to a flame burning by the fire. Every moan, every breath, and every touch became stronger than the last as we reached climax. The moonlight shined in the room as our bodies combined as one.

As the sunrise approached, it was time to get back to reality. I got up from the bed and noticed Kim was already gone for work. Kim is the CEO of Kim Toys, a corporation that specializes in sex toys. Since Kim was in college, she was sculpting modes of penises, little anal beads, and butt plugs to make a little extra money to pay off her classes. She was good at customizing what her fellow college students and a few professors wanted for their pleasure. Now that she's 31 and running her own business, this independent, sexy, smart woman knows exactly who she is and what she wants out of life. And she is progressing towards her goals perfectly and I'm so glad to call her my baby. She completes me. Thinking of her always brings me back to the first time we met.

It was at Club 108, the hottest gay bar in Michigan to be at. Anything can happen there and you can live any fantasy you want. The women are beautiful. The drinks are good. And the music is oh so hot. As I sat at the bar with a glass of Jack Daniels, I glanced around to see what kind of crowd was in the club. Was it going to be the ghetto bitches who just wanted to drink and fight, or more of a laid-back crowd that's enjoying a night out with some friends? To my knowledge, it was a mixture of people there. When I turned to the bartender this fine sexy ass woman sat next to me.

"Hi, I'm Kim. Can I buy you another drink?" she asked as she stared right into my eyes.

“I’m Tonya and no you can’t. But you can let me buy you one,” I replied. Usually when you go to a club and meet someone you buy them a drink, have small talk and get up and dance all night. But never have I saw two people in the club just talk all night about any and everything. While we talked I became more and more attracted to her, she had me open. I loved her conversation, and the way she looked. She had beautiful brown skin, dark eyes, short brown hair, big 34DD boobs and a big round booty. I think I fell in love during our first conversation.

After the bar, I stopped at the gas station to fill up my BMW. I was on my way to LA Fitness because I really needed to burn off some of the alcohol. I know it may sound strange to go to the gym right after leaving the bar, but that’s how I do sometimes. So I went to get my work out on. I called my friend Dan to come work out with me, and of course he’s always up for it, only to watch a man’s rock hard ass while he’s on the treadmill. With Dan, there’s never a dull moment. You can always count on LA Fitness to bring in the most interesting people. Like this couple who always fight about their sex life. They actually argue during their workout, like no one is paying attention. Then there is the new towel girl who always trips over the weights to make sure everyone sees her big fat ass in her little hot red shorts.

“Hey girl, what I miss?” Dan asked as he hopped on the treadmill next to me.

“You missed a couple of hot sweaty guy’s asses and the towel girl tripping over weights.” I explained.

“It’s a lot of shit going on in here girl,” Dan said.

Dan worked at the club with me as a bartender. He sure knew how to serve them up. He’s been my friend for

about two years now and I just love him to death. He always had my back and gave me his shoulder to lean on.

After working out I had to get ready for work. Tap Out is one place where you can really let loose, and of course you get free drinks before ten. It's a strip club/dance club. We have a variety of beautiful women. Both men and women can enjoy seeing big booty women shake that ass on the pole. I've been working there for about four years, and although I'm surrounded by beautiful women, I only have eyes for Kim. A night at Tap Out is like an erotic escape, a level of fantasy you can't get anywhere else. We show our customers a great time, like tonight. We're throwing Dino a birthday bash. Dino is one of our regular customers. He works at Chrysler on the assembly line and he's a big tipper and a down to earth guy.

It was Tuesday around 10:00 am and I was at my day job thinking about my love. There was a knock at the door so I looked to see who it was. It was my love Kim. My baby came to give me some of that office love. "Yes my love, I've been thinking about your sexy ass all day." I locked the door and here we go on the top of the desk going at it like a big cat fight. She started ripping my clothes off, biting my nipples, "Harder," I told her. "You like that," she screamed out loud, enough for my boss to hear. Then Kim took me in her arms and started to kiss me. She pulled my hair and then jabbed her fingers inside me. "Fuck me! Smack my ass!" Sometimes I forget I'm at work, but it's cool because she makes me feel so good. Oh dam, I heard a knock at the door

saying, “Tonya you have a meeting in twenty minutes.” “Ok, I’ll be there! Baby I have to go. I will see you tonight around six.” So I put my dress back on and fixed my hair.

Now I’m on my way to the meeting. I walked in the door and my boss stood up and said, “So glad you can make it.” “Sorry Sonya I lost track of time,” I explained. In the meeting I was mad as hell because the meeting was not about shit. The topic was about staff being on time. After the meeting, I was working harder than a slave getting this patient in and out. But it feels good just to have a job in this time and day because it’s so hard out here in Detroit.

So now it’s time for me to get off work and go have a part two, you know. After I left work I went to the rose store to get my baby a blue rose because she is my one and only. On my way home I was playing my song by SZA doing 90 on the freeway. I got home in record time.

“Hey baby I have something for you.” I gave her the rose when I walked in. Then she turned to me and said,

“You are the best ever my love. So I was thinking we should go somewhere for the weekend like Vegas and get it in baby.”

“Sounds good to me sexy.”

We worked our way up to bed. The night was getting good because she started to take my dress off and put her hands all over my body. That’s when I pulled out the strap-on.

“Tell me something sweet baby while I give it to you from the back,” I told Kim. I was looking at that big ass going up and down on that nine-inch dildo. “Turn that ass around so I can see this big dick go in and out... ooh baby. Do it feel good to you baby?” I asked her.

“Yes, Daddy give it to me! Is that all you got?” she was talking shit. As I gently pulled out of her, I opened her legs wider and put my tongue between her legs, licking up and down. “I don’t know how much I can take, but I do know it feels so good. Lick it faster! I’m almost there!”

“No baby I want to put the dick back inside of you. So put that big ass on this dick until you can’t take no more.” Oh yes, it felt so good. I’m so in love with her. She went up and down riding it like it was her last. I gave her more and more until she screamed.

“Yes baby, make me climax. Harder, harder, faster, faster, oh yes baby I’m cuming!” Her body just had a big ass explosion. I hit it so good she went straight to sleep. Now it’s time to shower and off to bed. “Good night.”

Damn, the alarm is going off. It’s time to get up for work and do my one hour workout. I hope my friend Dan can come and work out with me at the gym. I gave my baby a kiss before I left because she’s off work today. I am so mad because I would like to be home with her. But it’s cool because I have forever to be with her. So, pulling up at LA Fitness, it was Dan. I must say he is one crazy person.

“So Dan, what’s going to be our work out today?”

“I think we should go get in the pool and do a lap or two, ok.”

“Cool.” As we were working out, I was thinking about my baby the whole time. After about 45 minutes in the pool, here came Big D. I have not seen her in about three years. I met her in Miami at the club. She was trying to take me home and give me some of that big D. But she’s someone who I love very much. With her short and stocky self, and those beautiful green eyes, how can I forget? And

not to mention, she always wear her hair in a Mohawk. But I never gave her the time of day because at that time, I was just doing me and I was not looking for a woman you know?

“So what brings you to the gym today Miss D?”

“Just in town for a minute that’s all.”

“Alright Big D, I have to go to work. It was nice seeing you.” We left Big D in the pool. It’s time for me to go hit the locker room and get my sexy body in the shower so I can get to work. So I put on my red slacks with my black button up shirt and the red blazer. So off I went. Damn it feels so good out here, too bad I’m pulling up to work with all of these fucked up crazy people at the DMC. Plus, I’m working at the club tonight with all of those fucked up crazy women. I so need two new jobs. I’m so tired of men touching me on my butt at my night job. But what kind of job can I find that make the kind of money I make at night? I don’t know, but it’s cool for now.

It was later that night and I was at the club.

“Hey Tonya, you have a phone call,” Dan told me. “It’s some girl called Big D.”

“OMG, what do she want? Dan, tell her to call me on my cell.” Then I remembered, she doesn’t have my new number. I guess that’s why she called the club.

“Ok girl, I got you.” So here came Dan walking up to me talking about who the fuck is Big D. I am like girl, some woman I fucked when I was out of town, and now she moved back up here. “I guess boo, yeah I tell you; women are out here looking for something.”

Back to work I went and time was going fast. It was going on 1:00 am and time for me to go see the love of my life. Dan gave me a shot before I left.

“Ok Love, I got you. How about a wet pussy shot?”

“Cool with me. It makes me go home and fuck the shit out of my woman.” I was feeling so hot at that moment. I left work and went straight home to my baby.

“Baby, you look so good, give me a kiss. I’ve been thinking about you all day and my pussy has been so wet for you.”

“I’ve been here cleaning up all day. Wished you was here eating this pussy.” We were on our new love shit. “Well, what’s up Baby, give me some of that ass?”

“Come and get it baby.”

∞

I was sitting in traffic on I-94 and running late for work. I was hoping I would get there on time but it’s not looking good. It was around 11:00 when I got there. Not long after I had arrived my boss asked me why was I so late.

“Because I was stuck in traffic,” I told her.

“Ok, well make this your last time. I need to talk to you about something. I was hoping that you would take me out tonight.”

“Like, where would you like to go?”

“I was thinking Club 6969.”

“That’s cool because they have some good food.”

“Ok, see you at eight.”

So I guess I have to call my baby and tell her I have to go out with my boss.

“Hi Baby, I’m going out tonight with my boss is that ok?”

“Sure, just don’t be out too late, Ok sexy.”

So, as I am sitting at my desk, there was someone at my door.

“It’s Big D,” she yelled.

“What, how can I help you?”

“I would like to know if you would like to have lunch with me today.” I said sure because I really could use a bite to eat.

“So where are we going?” I asked.

“I was thinking Red Lobster.”

“Ok.”

So we pull up at Red Lobster and she was asking me about how long it had been since I had sex with a woman. Why is that? All of the women I meet are on some games. They’re only thinking about their needs and what can they get out of me. So I explained that to her.

“Well, I feel you on that,” she explained. “But it is some good woman out here.”

“Yeah, where?” By that time we had ordered and our food had arrived. I was thinking to myself, *about time* because I was so tired of her talking to me about some shit I don’t care about. “Well thank you for lunch but I have to get back to work. We should do this some more.”

“Sounds good.”

Back at DMC Urgent Care, Dan was there for some strange reason. Wow, can this day get any better. I guess not.

“So Dan, why are you visiting us today?”

“Because I had sex with someone who has H.IV,” he explained.

“What are you talking about? Not you Dan! Ok, well the doctor will be in to see you soon.” I was sitting at my desk thinking, *I know my good friend don’t have HIV*. When the

doctor come out I'm going in there and take his blood. He was just looking at me crying.

"Dan, I'm here for you. It's going to be ok."

"I hope so because I just didn't need this to happen to me."

I was sitting there looking at his test results and it came back HIV positive. I was crying and saying to myself, "OMG, no Dan no!" The doctor went in there to tell him he had HIV and Dan ran out, got in his car and pulled off. He pulled straight into the middle of traffic, got hit by a Mack truck, and died.

On the way home I was crying asking God, why him.

"Baby, baby where are you?" I was asking Kim.

"I am in the bedroom. Baby I have something to tell you. My best friend died today."

"How baby?"

"He came in the office to see if he had HIV and he did. So, he ran out the office, got in the car, jumped in the middle of traffic, got hit by a truck and died.

"I am so sorry baby."

"I loved him so much."

At about eight o'clock, my boss Sonja called to say she was sorry about what happen to my friend. She told me to have a good night and she would see me at work in the morning. So the night had come to an end.

Its morning and back to work, but I'm not going to the gym because I do not have my friend. So I'm up and my baby is cooking me a nice breakfast.

"So Baby, I hope you have a good day at work."

"Yeah, me to Boo. I know my friend is gone but he is always with me." I didn't have much to do at work so

Sonja told me I could leave early. I decided to go see my baby at her job and play with some toys there.

“Hi Baby, what are you doing here?” she was surprised to see me.

“I was thinking about you, so here I am. Can we go up to your office and you fuck me with one of your new dicks? I need some of that good dick you be giving me at home.”

“Ok Baby, I need you to get wet for me.”

We went up to her office and she put on her nine inch dick and began to eat this fat pussy. “Get it Baby,” I told her as she pushed up on my body to put King Kong in me. I was saying fuck me and get this pussy. She was fucking me so good I had to say her name like, “Kim, oh Kim, it’s yours.” After she finished fucking me I told her, “Ok baby, I will see you at home. Now I have to get back to work, ok Daddy.”

I was thinking about giving my friend Christina a call. I wanted to see what she had up before I went to Tap Out tonight.

“Hey girl, how you been? I have not talked to you in a bit. Would you like to come over before I go to work?”

“Sure, I will be there soon,” she told me.

“Ok, see you then. Well Christina has been my friend for about six years and we have done everything together, on down to foursome and doing drugs. That was the life. Shortly after we got off the phone she was pulling up.

“What’s been going on?”

“Not much girl, just working and doing me.”

“That’s what’s up. So tell me, do you have someone in your life?”

“No, you know, I just fuck and go home.”

“When are you going to stop playing games with women?”

“I do not know girl.”

“Well ok. Can you take me to work tonight because I feel like getting fucked up?”

“You know I got you.”

“Cool.” I got dressed for work, and as I was getting dressed here came Christina walking into my bedroom.

“Shit, you look good. Can we act like its six years ago and eat that pussy? You know you want to touch this big ass. Come on Tonya, you are looking like a tall glass of water.”

“Christina stop, I have to go to work.”

After she dropped me off, I thanked her and she told me, “No problem, any time.”

As the night with on, it looked like I had to find me a ride home. Then as soon as I turned my head, here came Big D through the door.

“What’s up girl? I didn’t know you worked here.”

“Yeah now you know. What can I get you?”

“I would like a Wet Pussy.”

“Ok, coming right up.” When I came back with the drink I said, “Here’s your Wet Pussy shot, and it’s on me.”

“Ok cool. Tonya, I would like to know if I can have you as my woman.”

“Now you know I have someone Big D.”

“So what, I need someone like you.

“That’s cool in all, but I’m good.”

“Well, I’m going to come up here every day.”

“Wow, you need to stop because I do not care ok.”

“Ok, see you soon,” she told me. I tell you, it’s some crazy woman out here. Plus, I keep thinking about Dan. It’s really depressing working here without him. I think I need to take a break from this place and quit for a little while. I think that’s what I’m going to do. Tonight will be my last night working here. So I called Kim to pick me up.

“Baby, can you come get me from work?”

“Be there soon ok.” I guess I would have another drink and try not to think about Dan while I wait on Kim to get here.

By the time I was ready to go, I was wondering where my baby was. It was going on 3:00 am and she was nowhere in sight. While I was waiting at the door, I saw a car pull in and it was Kim. She was so late coming to get me.

“Baby I had forgot you needed me to come get you.”

“Wow, but Ok, just get me home so I can go get in the tub.” We pulled up to the house and I was making my way up the stairs. I desperately wanted to feel a nice hot bubble bath all over my body. I was sitting there soaking, wishing I could just get up in the morning and not do a damn thing. In the morning Kim and I will be on our way to Vegas. She surprised me with the flight tickets. “First class flight in the a.m.” Kim said to me. I will say that it feels good to be with a woman who will do whatever it takes to make you happy. When I got out of my lovely bath I was thinking about how I couldn’t wait to get there.

Kim had been up all night walking in and out of the bedroom. And because of that, I couldn’t get any sleep. “Kim, can you come to bed? I would like to sleep sometime tonight.” The woman finally came to bed and that was at six

in the morning. “Kim, can you tell me why you been up all night?” She told me she was just so excited, that’s all.

So here we are. We made it to Sin City, staying at the Luxor Hotel. It’s so fucking hot out here.

“Baby can we go to the spa?”

“Sure baby,” she told me. But as we’re walking to our room, I opened the door and this hot ass woman was laying across our king size bed. She was a thick, light skinned woman with long black hair and dark brown eyes. She had on a red lace bra and thong set. As Kim pulled me towards the bed I was asking her, “Who the fuck is this lady?” “It’s your surprise baby. This is going to help you relax.” Kim started to touch my body. It felt so good to have someone feel on me. Kim started tearing our clothes off. Then the next thing I know was the woman put her mouth on me and started to lick me like ice cream on a cone. My baby was kissing me all over and wow, I didn’t think something like this would happen. That shit was amazing. What a way to start my trip to Vegas, a sexy woman eating me.

So now that we are here and relaxed, I wanted to do a little shopping. Kim said it sounded like a plan but not to forget about our reservations at the Flamingo. So after shopping we went to eat. We were sitting down at the table eating when all of a sudden Kim got down on one knee. I did not know she was going to ask me to marry her, but my answer to her question was yes. “Yes Kim, I will marry you. This is so amazing. Thank you, I’m so happy you asked me because you could have asked whoever, but you asked me.”

“You have been in my life when I didn’t have a job and look at me now baby.”

“Can we go back to the room and have some we time?” I asked.

“Sure, I will order us a bottle of wine from room service. Would you like that baby?”

“Yes baby, it’s whatever tonight because I am going to be your wife in the morning... YES!”

As the night continued we had wine and made love all night long. The next morning we got all dressed up in all white. She surprised me and had our dresses already. We both had on white dresses being that we are both two femmes. We looked so beautiful, two sexy big boob women in all white. She also rented us a limousine. We went to the chapel and said our “I dos.” The minister said, “I pronounce you wife, and wife, you may kiss the bride.”

I was now Ms. Tonya Love. We got in our limo and were on our way back to the Luxor to celebrate, just the two of us. Our time in Vegas was amazing, the most beautiful experience I had ever had. I wish we could have stayed there forever.

Boarding the flight, all I could think about was who I was going to tell first. I wish Dan was there to see how happy I was. So, it’s Monday morning now and time to go back to work. How fun this will be. My wife Kim had officially moved in with me and I wanted to share the news with my coworkers. Walking into the building here came Sonja running up to me.

“Tonya, can we go out tonight?” she asked me.

“Sure, can my wife come?”

“But when did you get married?”

“This weekend when I was in Vegas.”

“Ok, well I am so happy for you.”

“Yeah, so would you like to go to club 6969?”

“Sure, that sounds like fun.”

“Ok, see you at eight o’clock. Tonya, how about you go home and be with your new wife. Take the day off.”

“Thank you so much Sonja.”

Before I left, Big D called me on the office phone.

“What’s up, how can I help you?” I asked her.

“Can I see you today?”

“No you cannot. Look Big D, I am married now. I don’t need this.”

“I’m going to tell you this, I need you and I’m going to make you mine.”

“What the fuck ever bitch. Stop calling up here, I have a woman ok.”

As I was leaving work I was thinking about what I should put on for my baby. But when I got home she had a dress laid out for me already. “I got this dress for you,” she told me while she was in the tub. “So come get in the tub with me baby.” She kissed me so softly, telling me in my ear how much she loved me as she moved down to my neck. She was kissing me all over my body, “Baby you make me feel so good,” I moaned to her.

“I have a poem for you. It goes like this. Darkest desires beneath star skies. Pleasure rising with every sigh. I kiss you passionately as you scream for more... That’s all I got.”

“That was cute, I love it. Look at the time baby, we have to go out with the boss.”

“Ok cool.”

When we pulled up to Club 6969 the boss was looking good. Wow, I never saw her like this, wow. My baby

was like, “Wow, Tonya your boss is sexy.” “I see, when we are at work she don’t dress like that,” I explained. My boss Sonja was a high yellow sexy woman. She had short red curly hair, a body shaped like an hour glass, with some big red perky lips. She had on a tight black lace top showing all her goodies. The boobs were sitting up high and tight and she had on a long red pencil skirt.

So we go into the club together. Then we made our way to the bar to have a drink. The bartender came over and asked, “What can I get you ladies to drink?” We responded, “Three Bloody Marys please.” As the night grew older, the liquor started to get the best of us. Our conversation led to an interesting conversation about sex; such as, favorite positions, what we liked most in bed, how we liked to be ate out. You know this was just too hot for virgin ears. So I got up to go to the ladies room. Then Sonja says, “Wait I’ll come with you.”

While Sonja and I were in the ladies room, Sonja grabbed me by my waste and pulled me close to her and asked, “Do you know how much I want to be with you Tonya?” I was looking confused and turned on at the same time and said, “Umm... umm... umm...” I was moaning. Instantly, I got hot and wet between the legs while sexual chills slid slowly down my back. Then Sonya softly massaged her hands up and down my back. She pulled me into an empty stall while we passionately kissed and touched each other’s bodies. I told Sonja we should stop because someone was trying to come inside the stall. And what do you know, it was my damn wife.

“Baby it’s not what it look like,” I explained.

“You think I’m fucking stupid or something because it’s exactly what the fuck it looks like! While this bitch is sitting here smiling all in my face and she’s trying to fuck you! I’m ‘bout to kill this bitch, and then I’m gonna kill you!” The bouncers came rushing in because they heard all of the commotion. Then they put the three of us out the of club.

Sonja got in her car and skirted off. While me and Kim were walking to our car, she slapped the hell out of me and pushed me on the hood of the car.

“So that’s who you want? What the fuck Tonya?”

“No, I don’t know what happen,” I stood there explaining with my head down, looking crazy and deranged. “I only want you and love you. Please, I’m sorry. It just happened so fast and crazy.”

“So you leave me for a few seconds and you’re sucking face with your damn boss! This probably been going on for a while!”

“Baby, I love you so much. I don’t know what I was thinking about.”

“How could you do this to me? You are going to have to fucking make it up to me. I should leave you the fuck alone.”

“Yeah, you could. But you do love me, right?”

“Yeah.”

We got in the car and left the club. On our way home I was sitting there feeling so stupid. How could I fuck this up? At the house she was telling me good night because she was going to a hotel for the night. She said she needed time to think. So I was in the house by myself without my

baby because I fucked up. I got to get up in the morning and go to work, but that's going to be hard for me to do.

At work time was going so fast. I hadn't seen my wife at all. I needed to send my baby some roses to her job. I am hoping she will forgive me because I felt so bad. "Here comes my boss Sonja," I said to myself in grief. She told me she wanted to take me to lunch and talk about you know what. I explained how I didn't think we should and how it was over between us. She understood it was over but wanted to know if I felt something for her. And I did, but I had a wife who loved me.

"Well, I think it can work because all I need from you is sex sometime," Sonja explained.

"I thought I told you no to everything."

"I don't care about that. But you know I can take care of you."

"I know. That's cool, but I have a good woman in my life. So this lunch is off. Wow woman, you just do not stop."

I was thinking to myself, *I hope when I get off my wife will be there because I need her right now.* I feel like a fuck up.

It's time for me to get off work. But before I go home, I need to make a stop at the local bar around the corner called Hollywood Love. As I'm walking in I made my way straight to the bar. Then this beautiful young lady walked up and asked me a question.

"What are you having?"

"Can I get two shots of Jack Daniels," I responded. This is a great way to forget about somebody. As I downed shot after shot the young lady looked over at me to say something.

“I hope you have someone coming to get you because you can’t even get out of your seat.” I took out my cell phone to call Christina to see if she could come and get me because I was just out there fucked up.

“Hello, Christina can you pick me up from the bar?”

“Sure Tonya, just give me about twenty minutes and I’ll be there.” That was the fastest twenty minutes ever. Christina walked into the bar to pick my drunk ass up out the seat and took me home.

At home she took me up the stairs and laid me on the bed. Then she made me a bath. She said I needed to sober up. Christina told me Kim was coming back when she got ready. So give her some time.

It was around 8:00 pm and I needed to get up. I figured I wouldn’t make it to work in the morning because I needed to be here when Kim came home. So what do I do? I guess I will get some food from the store. I need something to eat for tonight. I miss Kim so much. I just don’t know how long this is going to go on. I need to find something new to do with my life. I think I’m going to take up some drawing classes or go back to working out. Plus I heard it’s a new bar opening up this week. I hope my Boo will be back home soon so she can go with me.

∞

So today is a new day and I am on my way to this new drawing class that I found. I hope it will be fun because this shit is getting so old. In class I had to draw a naked woman and I didn’t know a thing about drawing. They just had a girl laying across a table and told us to draw her. How

fun was that because I needed something different to do today. Damn, where is my woman? I need her. I got to find a way to get her back because she makes me so happy. Shit, without her I have no peace of mind. Then suddenly, I got an incoming call and it was my wife.

“Hi baby! How are you? I missed you so much. I can’t stop thinking about how bad I fucked up.”

“It’s ok,” Kim told me. “I will be home tonight to talk about something because I do love you very much and I will do whatever to fix this. See you tonight.”

This is starting out to be a great day because Kim is coming back home. I had a nice bath waiting for her and some roses. When she came home she got in the tub, didn’t say much though. But when she got out we talked all night about how we can fix things. For the next two weeks we are going to go see a therapist. This is something I think would be good for us. So the night came to an end and Kim slept in the other room because she said she still needed more time.

So I am up thinking what’s next, and then here comes a call from my boss Sonja.

“Hi Tonya, I was calling you to see how things were going at home.”

“Everything is cool, but I think you should not call my phone because Kim is back home now. I need things to go right with us.”

“I feel you, because I know how it feels to be without someone.”

“I will be back to work sometime next week.”

“Ok, I will see you then. Have a good night.”

“I will.”

So the morning came. I was up making Kim some delicious scrambled eggs with cheese and some strawberries on the side. Then I topped it off with some orange juice. So when she came down the stairs looking good enough to eat, I said fuck breakfast and we went back upstairs for a little while to fool around. Lord knows, I'm so happy at this moment. "Wow, look at the time babe. "It's time for us to go see the therapist." But the sex was so good. "You are the most amazing, beautiful woman in the world. And now I'll never do anything wrong to you again. Our relationship is everything to me."

We pulled into the parking structure and we saw an old friend getting out of her car. Her name is Candice. Oh my God, she was like the first girl we met at the gay club who wanted to take both of us home. But that never happened so we became friends. It's so funny because we were wondering all this time what happen to her. We thought she had moved away. But I forgot we changed our numbers because our exes were constantly calling us every day. Funny I guess.

"Candice, how are you?" I asked. "Lock our number in because we are going to be late for our appointment. Give us a call if you want to hang out with us this weekend."

"Sure Tonya, sounds good to me."

We got on the elevator on our way up to see Miss Smith. I was thinking about how fun this was going to be for me because Kim's not good at talking to strangers. Not even a doctor, lol. We sat down to talk about what I had done and how we can fix it.

"Kim, tell me how do you feel about all of this," Miss Smith asked.

“Well, I just feel lost, hurt and deceived. So did that answer your question Miss Smith?” Kim was being smart with her.

“Yes Kim, thank you. So Tonya, tell me how things are going with you?”

“I’m just happy right now because she’s here with me. I guess right now we can work on our problems.”

“Let’s talk about how you ladies ended up in the situation you’re in now.”

“Well, we’re in this because Tonya cheated with her boss and I just feel like I can never forgive her.”

“Well, first we have to work on you guys gaining each other’s trust again. So tonight you two have to work on getting to know each other all over again. Find out what was it about each other that made you happy. Like when you first laid eyes on each other. And I will see you guys next week.”

On the way home we were discussing what Miss Smith told us. Most of the things we talked about were how we missed making passionate love to each other. I suggested we go home, light some candles, turn on some music and rekindle that fire we had in the bedroom. After we pulled up to the house, Kim leaned in to kiss me and then got out the car to open my door. When we got in the house she picked me up and carried me to the bedroom. After she turned the music on and lit the candles, she came over and started to undress me. She kissed me in all the right places. Then as I laid back, she made her way down to lick and suck my G-spot. “Umm baby it feels so good baby, don’t stop. Tonight I want you to give it to me with that big Mandingo strap on.” She flipped me over and hit it doggy style. I swear she

has sex as if she had a real penis. We went at it for hours, but as I looked at the clock, we needed to get some sleep. I had to go to work in the morning.

As Kim pulled out for work, I decided that I would surprise her and stop at her job before I went to work. I was really going to check out the hottest new toys. Soon as I left the driveway, I got an anonymous call from my boss asking me to meet her at Southern Fires. I asked her for what. She didn't answer, but told me she had already clocked me in at work. It seemed like she had this planned already. So I met her at the place and she wanted to tell me how much she loved me. I explained to her that I can never be with her. Plus, the fact that I'm in love with Kim was not going to change. I was just really pissed off that she asked me to come down here for this bullshit. We had sex in the bathroom and that's over with now. I understand what I did was wrong and I hate how bad I hurt Kim. I just wanted to put this behind me, literally. So back to work I went. But first, I had to make a quick stop to see my baby.

I arrived at Kim's job and oh boy, does she look hot like butter milk pancakes.

"So hi baby, how's your day going?" I asked her.

"It's going great babe, what are you doing here?"

"I'm here to take you out." As I handed her the roses I leaned in to give her a kiss. Feeling her soft lips against mine made me want to lock us up in a closet and have my way. I hope that Kim sees that I'm trying to gain her trust back. I can't imagine her not in my life.

"Kim, I'm going to come up here every day to show you how much I care."

"Sounds good. I am so happy to see you."

“Well baby, I am on my way back to work.”

“How is that going for you?”

“Ok I guess. I just wish Sonja will stop talking to me because I’m working on a new life for me and you.

“I feel you on that.”

“Well bye, give me a kiss.”

Wow, that felt so good because it’s been so hard trying to find a way to get to her. I think this weekend we are going to Miami for a little bit.

Back at work, I was thinking about her hot body all over me. Oh how she makes me feel when we make love. Then I got a call from a friend I haven’t seen or talked to in a bit.

“Hey Renee, where have you been girl?”

“I’ve been living in Vegas for the last two years. Now I’m in town for a little while and wanted to see if you would like to hang out.”

“Sure, sounds like fun.”

“Cool, where would you like to meet?”

“How about this new bar and grill?”

“Ok, but what kind of food do they have?”

“All kinds girl.”

“Ok, see you at eight.”

This woman has been someone so special to me. I liked her so much. She was so pretty and had everything a woman could ask for. But you know how that goes, can’t make a move on your friends. I think I should go home and ask my wife would she like to come because it’s all about us, and I need her as much as she needs me.

After work at around 7:00 pm I was headed home to change for the night. I asked Kim would she like to go out

with me tonight to meet an old friend of mind from back in the day.

“Sure Baby, but have you fucked her?”

“No Baby, she’s just my friend.”

“We will see how much of friend she is.”

“Wow, Baby you look good,” I told her while she was getting dressed. “What can I get you tonight?”

“How about sex when we get back home tonight.”

“Sounds good baby.”

We were on our way to meet Renee at the bar and grill. When we arrived it was like women everywhere in there. “What’s going on in here?” Me and my wife are looking at all this ass on these women and we loved it. So we go in and looked, there’s Renee at the door with a pink dress on. How sexy she was looking. My wife was like, “Damn, we should bring her home with us.” Then I stopped and looked like, *what?* Then I told her, “Yeah Baby, she’s hot. We need that in our bed.”

Renee was hot and we both had to admit it. She was mixed with Dominican and white, and had long red brownish hair that came down to the crack of her butt. She had sparkling greenish blue eyes. So as we went to sit down, all I could think about was what this threesome would look like.

“So Baby, what would you like to eat?” I asked Kim.

“I would like your friend Renee to come home with us.”

“What the fuck babe. We’re supposed to be working on us.”

“Don’t you think this will help?” Nobody answered. “But it will feel so good. So Renee, what do you think about all of that?”

“Well Kim, it sounds good to me. Tonya? Because I have been her friend for a long time and I just don’t know how she will feel about this.”

“Well, it’s cool,” I explained. “That’s because I think it’s something we need.”

“Ok,” Kim jumped in. “How about a shot of 1800?”

“How about we make it two shots of 1800?” I asked.

“Ok Baby, we shall.”

“Well Tonya, you have a sexy wife.” Renee explained. “I see she knows what she wants.”

“Yeah,” I said feeling like, *whatever bitch shut up*.

Renee tells Kim how the two of us met. It was here in Detroit at some bar. I think it was called Chocolate City, and she came up to me talking about the dancers in the club. She told me she would like to dance on the pole and I told her to go up there and try. And she did. I gave her some money while she was on the stage and she was feeling all on me the whole time. We were laughing about it all night, and we’ve been friends for about four years now.

Kim said, “Ok cool,” then she asked Renee where she lived. After she told her she lived in Vegas Kim then invited her to our house. Kim suggested that it was time to get out of there and go have some adult fun.

“Ok Boo,” I said. “It looks like you are ready to get that pussy ate right now.”

“Yes I am. Can you fuck me in the car before we get to the house?”

“Ok Baby, whatever you like.”

I started to kiss her on the back of her neck while we were walking out the door. Renee started feeling on my ass. She whispered in my ear how she was happy she could have me in any type of way. Then I stopped and said, "Wow Renee, where did that come from?" She told me she would tell me about it in the morning.

On the way I was thinking about why I attracted these crazy women who want to be with me when I have someone in my life. Where were these hot women when I was single and doing me? I guess not here in Detroit.

So we were at the house when Kim turned and asked me a question.

"Are you feeling like doing this tonight?"

"Yes, but will this take the pain away for what I did?" I asked her in return.

"No, but it will feel nice because me and you are having sex with a hot ass woman." Is this the right thing to do tonight? Or, am I making the wrong move tonight? I hope not, or I will be back at the end of road with this shit.

"So Renee, how about we all go get in the tub and you can rub my back down. And Tonya Baby, you can kiss Renee all over her body." My God, this felt so weird. But as I lay my hands upon Renee's breasts, I felt like I tapped into her soul where there's no return as the lust slowly take a toll. So I licked her with no fear in my heart and she started to moan. I took my tongue and I went faster around her walls and I felt all of her wet juices on my face. My wife looked at me and said, "I love you. Can you taste her sweet juice?"

"Yes. Renee, can you feel me swirling my tongue inside of you?" She started screaming and pulled my face into her thighs. Kim nibbled on her nipples while my tongue

was deep inside of her. I went back and forth, up and down and she started to cum all over my face. But wait, here comes Kim. She pushed my fingers inside her, telling me to fuck her please. I was fingering Kim and the faster I went the more she came all over my hand. This has been the best night because my baby came so hard that it made me wonder how I could do this every night.

“So Renee, are you going home tonight or are you staying with us?” Kim asked.

“No Kim, I’m going home. I have somewhere to be in the morning.”

“Ok, Tonya will walk you to the door.”

“Alright Kim, it was nice pleasuring you two.”

“Likewise.”

As I walked her to the door, a rush came over me like I needed to see her along. But I knew in the back of my mind that couldn’t happen. But here I go.

“Renee, can I see you along for a night? I think we need to talk about this.”

“Well Tonya, that sounds good because I have something to tell you.”

“Ok Renee, hope you have a good night. Call me when you make it home.”

“I will sexy.”

When I got back to Kim she asked me, “Can we do that one more time?”

“Well, I think not, because we have to work on us first. I did this tonight because I thought it would bring us closer together.”

“Ok babe. Tonight was so fun for me because you made me feel like a new woman and a new wife. All of that and more.”

“I was just happy to see you enjoyed yourself.”

“What am I going to do with you?”

“I know, just love me for me.

“Got it!”

Off to bed we went because we had to see our therapist in the morning.

“I think we should stop going because we can work on it ourselves,” Kim suggested.

“For real Baby?”

“Yes, we can do it.”

“Ok, good night my love.”

“Good night,” she told me as I put on some slow R&B music.

The next morning,

“Good morning Baby. Can I get you something before you go to work?” Kim asked me.

“No Baby, I will eat at work. I have some running around to do.”

“Ok, I will see you tonight.”

On the way out, Kim got a call and I asked her who it was. It was one of her coworkers asking for some help, was what she told me. When I left, I was wondering who that was on the phone because I saw her behavior changed just a bit. I must be going crazy because everything is going so well. Why would I want to fuck that up? At work I was hoping Renee would call me about the night we had. But why would I think like that when I have a woman who loves me?

Sonja came in and told me she needed me to sign off on some papers. Then she asked me to go pick up something for her. I asked her what could that have been and she told me she needed a new toy for her lady friend. "Ok, so I guess you're over me now, just playing," I joked. "Well yes, because I see we will never be together," she replied." I told her she was right and I will be back from running her errand at 2 o'clock.

I got a phone call and it was Renee.

"Well hello Renee, how are you?"

"Good, I'm sitting here thinking about how good you taste."

"It was all for Kim," I told her.

"Yeah right."

"So what can I do for you?"

"I would like for you to come out to my guest house for the night."

"Now you know I can't do that."

"I know. So why want you bring Kim and when she goes to sleep you can come to my room and give me some of that good head."

"Oh, that's what you think?"

"Yes, that's what I know."

"Ok, we'll see you tonight."

While I was getting Sonja's sex toy, I was thinking to myself, *she acts like she knows how to fuck with a dildo*. Wow, that shit is funny. Before I forget, I have to call Kim to see if she wants to go to Renee's house tonight.

"Sure babe this could be nice," Kim told me. "Are we going to have sex with her?"

"Fuck no Baby, we are not."

“Oh, why not?”

“Because we’re not”

“Whatever. It’s going down because you are going to do what I want you to do.”

“Where is all this coming from Kim?”

“It’s the new me. I’m going to get what I want from you and that’s all I have to say about that.”

“Is that so?”

“Yes, very much so.”

On the way back to work I couldn’t believe she would say something like that to me. I thought she loved me but it looked like she was feeling Renee I guess. I fucked up and had a threesome and now Kim is trying to act up. It’s cool with me because tonight we will see what it is. But for now, let me take this dildo to my boss.

“Here you go Boss, I got a big ass dick for you.”

“Thank you, she’s going to love this because she like big dicks.”

“Oh ok, well I hope me and Kim can meet her?”

“You will. We can all go out to eat. So thanks again and have a good night Tonya.”

On my way home I was wishing I didn’t do the threesome because now Kim thinks I have to do whatever she tells me. But it’s not going down like that. I run the show in here.

“So baby how are you feeling today?”

“Good. Can you go and put on that red dress I like tonight?”

“Ok Kim, so now you think that you are the boss of me?”

“Yes I am boo. And you are my wife, so do what I need you to do.”

“Fuck you Kim!”

“Yes you will fuck me, tonight. Go to the room and get the dress!”

I just can’t believe this is how it’s going to be. I have to call Renee and tell her what’s up. Oh no, here comes this bitch trying to eat me out now.

“Look, we have somewhere to be,” I told Kim.

“Oh yeah, you are right. I guess you and Renee can go down on me at the same damn time.”

“Ok Kim, you are taking this too far.”

“Whatever, get dressed and get in the car.”

I was mad as hell because this bitch is on some other shit. But it’s cool. I know how to get her ass back. We were outside of Renee’s house and she was standing in the doorway naked. I thought she said it would be about me and her tonight. Well it looks like the plans have changed.

“What up Renee, you are looking good tonight,” Kim said and at that moment I was wondering why she was all up in Renee’s face.

“Can I get the two of you some drinks, how about some Jack?” I had her get me a shot because I needed it. I complimented her on the nice house she had. By her being a mortgage broker she gets nice houses all the time. She told me she would have more houses next week when she came back from out of town. Then she asked Kim what turned her on about me.

“Her big ass breast,” Kim explained. “Look at them, 38D’s. Look at her long black hair with her black midnight eyes to match. That big sexy rose tatted on her right breast.

And, I love her skin tone. It's like a sexy yellow color. The skin tone brings out the tattoos all over her body. The lower back tattoo is so hot. But the booty, it's kind of flat, but it's so soft. I love squeezing that shit."

She asked me what turned me on about Kim and I told her it was that big ass, I can eat that all night. That's something I love doing to her. "Ok you two, what do you like on me?" she asked us. We told her about how nice her pussy looked. It was nice and clean. She told us tonight she wanted us to make love to her. We all went to the hot tub that was outside in the back. "What the fuck am I doing here," I said to myself. "I must be out of my mind if I think this is going to keep going down like this. It's like I'm setting myself up for failure."

"So what's up, are we going to fuck or what?" Renee bluntly asked me.

"Damn, why are you in such a rush to do it now? I had a long day at work. I want to cum, then go to bed, that's all. Sorry if I am being a party pooper."

"It's cool Tonya. I know how work can be." Then Renee told me to come here and give her a kiss and tell me something that Kim doesn't know about me. This supposed to be some type of sex talk question game.

"So," Tonya said. "I want to lick you till you tell me to stop."

"Come give me a kiss and tell me something Tonya doesn't know," she told Kim next.

"What is this, kiss and tell game?" Kim asked.

"Yes, just come on and tell me?"

"I love when you kiss me," Kim explained. "It feels like I am taking off."

“Well Tonya, can you fuck me tonight with the Big Bang?” Renee asked me.

“Ok, I will sexy.” I paused for a second to look at Kim. At that moment I felt like I was losing her. I can’t even have fun tonight because now I’m feeling bad. I think the night has come to an end because Kim is just all into this bitch. She is really acting out. So I’m telling Renee we’re leaving.

“Renee, we are going to go home for now. We have some talking to do.”

“Wow, where are we going?” Kim asked me.

“I said we’re going home.”

At home I told Kim I wanted some time away. I wanted us to go to my home town in Maryland for a few days. It may be a good way for us to work on our marriage. Plus, I wanted to see my family.

On the morning of our trip while we were packing our suitcases, I was praying shit didn’t happen when we got there. When we were walking out the door, Kim told me she loved me. When she told me I thought to myself, *fuck this bitch, she doesn’t love me*. We were boarding our flight leaving Detroit. Yes, two hours before we get to Maryland. Kim wanted to go out for drinks soon as we got there. This bitch always wants to drink. I suggested we also go eat some crab legs. We landed at B.W.I Airport and my dad was there waiting for us. Oh how I missed him.

“Hi Tonya, we all missed you so much,” my dad told me. Then he asked Kim how she was doing. Kim said it was nice to see him as well, then we were off. We told my dad we wanted to go to the bar first, but we needed to go to his house to put our things up.

At the bar I was thinking about how much fun this would be for us. We were at some bar called Little Wet Pussy. I know it sounds strange, but in Maryland they have a gay section Downtown on K. Street, all gay bars. All I was thinking about was what's going on down there. When we went in it was women all on the poles doing something strange. I told my Baby it looked like we were going to have some fun up in here. "I guess," Kim said, "but we are done doing the threesome thing because we will never move on." I agreed with her then thought to myself, *things are getting better already*. Then I asked her what was up on that ass tonight. I told her to make the night fun and I'll fuck her and she'll fuck me with the big toy she got. She asked me would I like it in the ass and I was like, "Sure why not," in a sarcastic way.

So after that, we had drinks and got fucked up. Now a tattoo was in our plan. We decided to get "Love is all I need" tatted on my left thigh. That shit hurt, but no pain no gain. After the tattoo we went home, which was Dad's house and we made hot love.

We went to bed really early but right before I fell asleep I got a call from Renee. She said she was just thinking about me and wanted me to come over. I told her no I was with my wife. I truly didn't want to fuck things up. Then I asked her to do me a favor and stop calling me. She told me she guess she could stop calling me for now. So I told her fuck her and good night.

The next morning I wasn't feeling well. I was tired and just wanted to sleep. It was family day today but I was not feeling it. I told Kim to make me something to eat and tell my dad I was staying in. Damn I was tired, but I needed

sex. I think I'm going to play with myself. I played with myself and how nice and wet it felt. I started imagining Kim with me, "Yes Baby fuck me and tell me you love me." It was all in my mind but it felt so real.

Meanwhile, Kim was downstairs with Dad telling him I wasn't feeling good.

"Oh, is she ok?" he asked her and she said I would be ok. "I guess I will let her get some rest. Tell her I'll spend time with her later today," Dad told Kim.

"Ok Dad, I will. So what would you like to do?"

"I would love to go get something to eat."

"How about I make you some of the best breakfast you'll ever have?"

"Wow, you know how to cook? I love it."

After Kim had finished cooking, she told my dad she had to make a phone call and would be right back. She went into another room and called Renee to tell her how much she missed her and needed to see her. Renee was asking Kim when were she coming back home because she had been thinking about her. So Kim hung up from Renee and went back to have breakfast with Dad. When they finished she told him she was going out for a bit and she would be back soon.

Kim went out to a bar on K. Street and met this woman name Foxy. She bought Kim a drink and asked her why was she in the bar so early in the day.

"Looking for you," Kim told her in a seductive voice. "Is that right?" Foxy was looking curious.

Kim asked Foxy what she did for fun. Foxy jokingly said she like to have sex for fun. She explained how she was just joking, but Kim told her it all sounded good to her and

when could they start. Being that they just met, Foxy wanted to know if they could go out first. "Ok Foxy, how about now?" While they were leaving the bar together I was calling Kim's phone.

"Hello baby hope you feel better?"

"Can you come get me from the house? I would like to go to the movies tonight."

"Ok baby, what time you want to go?"

"I was thinking about now."

"Oh, Ok then see you soon."

Kim asked Foxy, "Where to," and she told her to just get in the car and follow her. Kim felt like this new woman was sexy as hell and worth standing me up for. She took Kim to the park where they sat and talked about life, love, and she wished she could find a woman. Kim couldn't say that because she has one. But Kim did have enough sense to leave.

"I have to go Foxy, can I call you tonight?"

"Yes Kim. I will be looking for your call and I had a great time with you today."

"I did to, I will see you soon. I have to go get the wife so we can go to the movies." Kim thought to herself, *how fun this is going to be.*

Kim came in yelling she was here and for me to come down. I came down and asked her how was her day. She told me her day was just ok and she was just out getting some fresh air. I told her I wanted to see something scary and she wanted to know what we were going to do after that.

"We will be on the next fight home after that," I explained.

“No baby, I want to stay for a couple more days.”

“Kim, I have to go back to work. You can stay and I will see you when you get home. But I will miss you because I’ll be working and you up here having fun with my Dad without me. But remember, we have a lot to talk about when you get home.”

“I know Tonya, and I do have a lot to tell you when I get back.”

“Before I go, can you tell me why you are staying for a couple more days?”

“Because I ran into an old friend that moved down here from Detroit.”

“Ok, I will see you soon.”

Dad and Kim took me to the airport. I was sitting there thinking how fun this was going to be for me. Here I was, going back to work, back to my life, how fun for me. My flight landed back in Detroit. Back at home I took my things out of the suitcase and thought about what I was going to do while she’s gone. I just got home and I’m lonely already. I guess I will give Renee a call. Damn, I’m so fucked up and confused at times. But I think I need to talk to her about what happened. So, I called her.

“What’s up Renee, how are you?”

“Why did you call me, I thought you were all in love with your wife?”

“Yes I am, but I need to know what’s going on with you. You are my friend,” I explained.

“I have always wanted you to myself.”

“I guess, but we cannot be.”

“Why not”

“Because I have someone in my life and you know that boo.”

“Well, why did you call me?” I didn’t have an answer for that so she asked me, “Can we make love tonight?” I couldn’t help but to say yes and told her I would be there soon.

I was up in my room getting ready for Renee. I put on my little red dress that I loved so much and made my way to the car. I was speeding down I95 doing about 90. Then I got an incoming call and it was Renee asking me where I was at. “I’m pulling up to your house now,” I told her. “Well the door is open so come right in.” I walked into the house and she walked up to me and started kissing me all over my body. Then she moved down to my G spot. “Yes Renee, kiss me right there. It feels so good. Yes put those fingers inside of me and make me cum. Oh yes Renee, that was just what I needed.” That shit was intense. It only took about three minutes. “But damn, why did you cum so fast?” Renee asked me.

“Because it was good,” I explained. “Renee, I was wondering what the two of us are going to do about this situation we have. I think we should just meet up from time to time and I will fuck you when and where ever you need it.” Renee agreed and said she would love that because we were like best friends. So what more can I ask for? We can be friends and have fun as well.

So back to the house I went. I just got some good sex and was now calling Kim to see what she was doing. She didn’t answer the phone. I guess she was in the bed. I figured I would hit her up later.

The next morning I was up thinking why Kim hadn't called me back at all. I guess she was up there doing her. So, I gave my dad a call and asked him where was she at. He told me she wasn't there and never came back. He also told me how he thought she was with me. Wow, she told me she was going to stay with him and she wasn't there. "Well, I don't know what to say because she's not here," my dad explained. "Ok Dad, I guess I will call you back."

Oh fucking wow, look at this shit. I know I am wrong for having sex with my friend, but here we go back to this shit again. She lied to me so she can be with some woman up there and have fun. Why is this happening to me? I think I should move on because I see that she will never be happy with me. It's like she's never happy. I guess I'm not good enough for her. But it's all good because I know I am the shit in this bitch. So I'm going to pack all of her stuff in boxes and I will never see her again in life. I did all this for what, so she can go play house with some woman in Maryland? I guess she will not be missed.

I called her and got the voice mail again. "Well, how you doing Kim? I know you are up there with a woman so I am calling to tell you it's over and your things are outside on the porch. I have changed all the locks so you can't get in. Have fun with your play toys, and have a good night."

As I was putting her things up, I was crying crocodile tears. I felt like she didn't care about me at all. I couldn't be in that house anymore so I got in my fucking car and went to get fucked up. This shit hurt so bad. She was my everything. We just had some ups and downs but now I have to move on. But I know I can't do that.

So I went down to my old job Tap Out and got so fucked up. I didn't think I could drive myself home so I had to call Renee.

"Hey Renee, can you come get me from Tap Out? I'm fucked up. I had a lot of shots of rum and I can't drive."

"Ok, be there in ten minutes," she told me. I got up and went to go sit in my car because I felt sick. And all that loud music wasn't helping me at all. She pulled up looking so good but I couldn't think about that because the woman I loved was out fucking right now.

"Tonya would you like me to take you home or to my place?"

"Can you take me to your house? I don't want to be alone. Oh you do look nice tonight."

"Thank you, but hope you feel better because I'm here as your friend first."

As I was laying in her bed, I felt like life was over for me. I think it was from all the drinks I had. So what's next? I am so crazy, I was feeling good but now I'm down. I have to pick myself first. So at seven in the morning my phone rang and it was Kim talking some bullshit. She claimed she been up there with my dad the hold time and that I was going crazy.

"Look Kim, I call my dad. He told me you never came back home. So look, you have no place with me. Do not call me no more and tell your new boo I said hi. And I hope she has a house for you to go to because you are done here."

"But Tonya, we can work it out," she begged.

"No, it looks like your heart is not with me. And for that, I will see you when I see you baby. Good bye forever."

I can't believe she would call and act like it was not her and it was all on my dad. I'm going back to bed because in the morning it will be a new day... how about that.

That next morning Kim was at my door. I asked her could she leave and she told me she wasn't going anywhere. Then we started going back and forth. Then she pushed her way in the house.

"Kim I asked you to go! I'm calling the police!"

"Look, I'm not going nowhere because we need to talk!"

"Kim, get the fuck out!" Then she pushed me on the floor and I got up and hit that bitch in the face. After I hit the bitch, I ran down the hall to get my gun out the bedroom. Kim ran up on me and tried to take the gun from me. During the struggle I shot her in the arm. I just sat there on the floor as she bled all over the place. She was yelling out for me to call the ambulance, so I called 911.

"911 what's your emergency?"

"I shot my ex-wife in the arm because she broke into my house."

The ambulance pulled up and Kim went to the hospital. From the hospital she ended up going to jail. She ended up being convicted and was sentenced to 24 months prison time. It was all self-defense on my part.

What can I do tonight? I need to meet me a hot thing tonight. I'm going to the mall to get me something to wear so I can find a hot thing. I went to Macys in the mall to get this one-piece suit. I'm going to be so sexy tonight. I think I'm going back to that club called 6969.

Ok, I'm looking good tonight. Sexy women be on the lookout because here I come. I pulled up feeling good. I went in and got me a triple shot of Jack. The place was packed. This girl walked up to me and asked could she get me another one. I said, "Sure sexy, how are you doing tonight? I've never seen your face in here before." She told me she's been out of touch and haven't been out in a while. "I feel you on that, so what your name?" She told me her name was Megan. "Well nice to meet you Megan. Do you have a woman?" She told me no, not at this time, then asked about me. "No, I don't have a woman. I'm all free for you Meagan." I asked her what she does for fun. She told me she like the movies and seeing the world. "Sounds good Megan, would you like to come back to my place and drink some more?" She said yes then asked me did I have a car.

Moments later we were in my BMW headed to my place. I know it's a little too quick to tell but I think she's the one for me. Our conversation at the club was really intense. It was as if we were soul mates. I may even be falling in love with her on the first night. I think I'm going to start my new life with Megan. But first, I think we'll swing by Renee's house and have some drinks. I'm always getting into some shit. But two is boring. I love it when it's...
